The Friendship Series is a cooperative series of horse shows at multiple participating venues. They provide enthusiasts a quality one day horse show that's affordable and competitive on a local level. The Friendship Series fills in the gaps not offered by state and national associations. This allows member riders the chance to compete for and earn end of season awards, be individually recognized and to celebrate at our banquet with their peers and family.

The Friendship Series offers a high point award and the top ten point earners also receive special awards and recognition. A **\$30.00** membership fee enrolls you and ensures your horse show points earned will be tracked and you will be eligible. Points are tracked for the rider, not the horse. We promote good sportsmanship, good horsemanship, safety and fun!
